

### **Iryna HUZOVA**

Ph.D., associate professor, Department of Chemical Engineering Lviv Polytechnic National University. In 2001 defended PhD thesis.

Author of more than 80 scientific works (scientific articles, abstracts, textbooks, methodical instructions) in the chemical engineering and computer simulation of processes in chemical engineering.

**Areas of the scientific work:** Research of hydrodynamics, kinetics, heat and mass transfer processes during drying. Research of diffusion process in food products. Research, calculation, design and simulation of processes and equipment of chemical engineering.

### **Andrii NAHURSKYI**

Ph.D., assistant, Department of Chemical Engineering Lviv Polytechnic National University. In 2018 defended PhD thesis.

Author of more than 45 scientific works (scientific articles, abstracts, patents, methodical instructions).

**Areas of the scientific work:** Modification of petroleum bitumens with rubber crumb, modeling of chemical-technological processes.

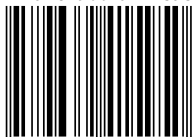

### **Volodymyr ATAMANYUK**

Doctor of Science, professor, head of department of Chemical Engineering Lviv Polytechnic National University. In 1995 defended PhD thesis and in 2007 doctor thesis. Under his supervision 6 PhD theses was defended.

Author of more than 380 scientific works: including: 24 patents of Ukraine for inventions, 1 monograph and 3 textbooks.

**Areas of the scientific work:** Heat and mass transfer in solid phase systems.
